Amazing Transformation : Lifelong Frizz to Sexy Straight

Meet gorgeous Tui, as the saying goes, a picture says a thousand words, well Tui's photos speak for themselves. Not only have we changed Tui's hair, but we have changed her life! Tui found Zash in her search for healthy straight manageable hair, and with the direction to have the hair she has always wanted for her wedding day. At Zash we are trained experts in Bio Ionic Permanent Hair Straightening procedure called RETEX and also the Semi Permanent Solution Kerasmooth. Because of Tui's strong hair, and her desire for the relief of constant daily challenges to tame her hair, we chose the RETEX Permanent Straightening System. It is effective, as you can see, but also leaves the hair in great condition. Tui now enjoys hairstyles she has never dreamed of, and her wedding photos are amazing!

Tui was married on the beach in Fiji with the sun in the background, check out our website www.zash.com.au for more images of Tui, and the new styles she can now create with her new found freedom!

This is what Tui had to say:

Carolyn was absolutely positive that she could achieve the impossible when I went to see her and she did not let me down. I am absolutely over the moon and overwhelmed with new hair - it has been life changing and I will be able to wear my hair down @ my wedding and not have to worry about the frizz factor in the humid condition of the tropics. Words can not describe just how i feel but i will always be indebted to Carolyn for her vision and her commitment to me - it was an absolutely wonderful learning and positive experience and i will spread the good work to family and friends. Again thank you Carolyn and your lovely girls, Kayla, Caitlin, Libby and of course your lovely receptionist

ZASH SUPPORT MATER FOUNDATION SPRING CHARITY EVENT

All the models looked gorgeous and Zash team took time out to do their hair. This years parade attracted 315 guests all getting together to raise funds for research at the Mater Medical Research Institute. This years proceeds were dedicated to Prostate Cancer Research currently being undertaken at the MMRI. Each year in Australia, 1 in 9 men are diagnosed with prostate cancer, the same statistics as breast cancer. Scientists are working on a new therapy that uses the body's own defences to fight and destroy prostate cancer. Support of the event enables the Institute to continue its ground breaking research.

Julia "Couldnt be happier Carolyn! Love it!... thanks for giving me a new look!..."

Jennifer "I came here as a one off because of the foil frenzy offer but am considering coming here all the time. The girl who did my hair was very friendly."

Wani "This is the first time that i encounter a salon with an inhouse thrichologist. I think its a fantastic experience because it definitely makes me understand my hair more, and therefore knows whats for me and whats not. there are times when u just dont know whats wrong with your hair, and getting a clinical explanation helps to take a lot of your worries!"

May "I am so thrilled to have found Zash, from my initial phone call to reception and consultation, has all been done with such a high degree of professionalism, friendliness and genuine care. Thank you so much. My last visit was brilliant with Carolyn performing her usual magic and creating an awesome style and makeup. Both myself and husband were thrilled with the results. I have been getting lots of compliments and thats always good to hear. Thanks again."

Helene "Guys, you are awesome! Loved the pampered feeling and can't wait for another excuse to go up to Brisbane to do it all again. See, even people from interstate will travel the distance to get your awesome service. Love the advice and easy to maintain style. Love and hugs."
